March 13, 2020

To our Citizens of Ingleside,

On behalf of the City of Ingleside, I am reaching out to assure you that the safety and well-being of our citizens and our employees remain our highest priority.

We are closely monitoring the coronavirus (COVID-19) situation, including guidance from the Texas Department of Emergency Management, and are in close communication with the Ingleside School District.

The following updates have been provided to the City:

- City of Ingleside Latchkey program will be monitoring and working closely with the Ingleside school district.
- Ingleside Little League has postponed the opening ceremonies until April 6, 2020.

I would like to share a few updates that may help you to feel at ease when doing business with the City of Ingleside while this situation continues to unfold. We have put in place guidance detailing how to protect against transmission of the virus, including hand-washing protocols and enhanced cleaning of high-touch areas in our offices.

City officials urge residents to follow the advice and guidelines found at the CDC or DSHS websites below. These websites post updated information daily and are a great source of information including what travelers need to know, how the virus spreads, its symptoms, and how to protect yourself.

- <https://www.cdc.gov/coronavirus/2019-ncov/index.html>
- <https://www.dshs.state.tx.us/coronavirus/>

The best step our community can take as a whole is to practice illness prevention:

- If you feel sick, stay home
- Wash your hands
- Cover a cough or sneeze
- If you are over 70 or have a chronic disease, avoid large gatherings.

We will continue monitoring coronavirus (COVID-19) updates and will respond accordingly based on the advice of public health officials.

We will keep you updated on our City website if there are any changes during this fluid situation.

Sincerely,

Ronnie Parker

Ronnie Parker
Mayor
