

In the aftermath of a storm you may find yourself without necessary supplies and most stores may be closed or without power for days. We are already in a resource strained environment and with COVID 19 mitigation practices in place the stores could be overwhelmed with a surge of pre-hurricane buying.

# ASSEMBLE DISASTER SUPPLIES.

## Assemble Disaster Supplies

Make a list of items to replenish your hurricane supplies and begin to assemble them before hurricane season begins. Have enough food and water for each person for at least three days. Be sure to fill your prescriptions and have medicine on hand. Radios, batteries and phone chargers are also must-haves. Gas up your vehicle and have extra cash on hand.

Food/Water

Medicine
